

Defensive spending

The visualization explores military spending, and population in the ten countries that globally spend the most on their military. While the United States far outspends all other countries, Saudi Arabia spends the most per citizen.

United States, \$2,351

China, \$175

France, \$808

Japan, \$389

India, \$53

United Kingdom, \$872

South Korea, \$892

Russia, \$422

Saudi Arabia, \$1,652

Germany, \$629

How to read it

Military dollars
spent per person

United States, \$2,351

10 billion U.S. dollars in
military spending

100 million people in population

100 battle-related deaths
